

Internet Safety Tips for Students

What To Do Online

- Do discuss what you are doing online with a parent or trusted adult.
- Do use good netiquette.
- Do get a parent's or trusted adult's approval before creating any online accounts.
- Do create powerful passwords and keep them in a safe place.
- Do obey web sites' age requirements (they are there for your safety).
- Do use web sites' privacy settings.
- BE SAFE AND HAVE FUN!!!

What NOT To Do Online

- Do NOT give out personal information or post pictures without asking a parent's or trusted adult's permission.
- Do NOT share your passwords with anyone (even your friends).
- Do NOT meet anyone in person you have met online.
- Do NOT open emails, attachments, pictures, or Internet links from strangers.
- Do NOT post anything about yourself or others that you would not like your parents, family, friends, or teachers to see.
